PROFESSIONAL EXPERIENCE

SUPPLY CHAIN ANALYST   **January 2021 – Present**

Bell Textron, Inc.   Fort Worth, Texas

- Organize strategic planning efforts for the Advanced Vehicle Systems, V-280, & Bell 360 teams (roughly 40 stakeholders) by utilizing CLM (Contract Lifecycle Management) for project creation to ensure alignment with organizational goals.
- Execute data pulls using SQL to not only identify inefficiencies and cost-saving opportunities but to align different sources for accuracy.
- Leverage SAP to track procurement, inventory, and logistic data to conduct forecast analysis to predict future demand and optimize inventory levels.
- Provide training as the subject matter expert to the supply chain organization on Pre-RFP processes, MRP master data changes, and Contract Lifecycle Management (CLM).

SUPPLY CHAIN CONTRACTS PROFESSIONAL   **June 2020 – December 2021**

Bell Textron, Inc.   Fort Worth, Texas

- Successfully negotiated and established high-dollar long-term procurement contracts. compliance with government regulations such as FAR (Federal Acquisition Regulation) and DFAR (Defense Federal Acquisition Regulation). Created a savings of $13.6M (48%) from the last price paid.
- Developed and maintained SharePoint sites to centralize and streamline supply chain data and reporting.
- Prepared, issued RFPs, and facilitated the bid down-selection process to better evaluate potential sourcing strategies.
- Established comprehensive proposal analysis, PNP (Pre Negotiation Plan), and procurement documentation for contract completion.

SUPPLY CHAIN ANALYST   **January 2017 – September 2019**

Bell Textron, Inc.   Fort Worth, Texas
- Led forecasting efforts for Sheet Metal Structures and Composites commodities by utilizing historical data and market trends to predict future demand and optimize inventory levels.
- Collaborated with the Master Data Team to ensure accurate Material Requirement Planning (MRP) and Master Data configurations for part numbers within Systems Applications and Products (SAP) to improve production planning and on-time delivery of parts to customers.
- Reviewed Technical Data Packages (TDP) and engineering drawings to support acquisitions, production, engineering, and logistical support to ensure compliance with contract requirements.

CONTRACT SPECIALIST   **September 2015 – December 2016**

Bell Textron, Inc.   Fort Worth, Texas
- Negotiated Just-in-Time (JIT) contracts by issuing Requests for Proposals (RFP) through SRM. Evaluated proposals for compliance with RFP and FAR/DFAR guidelines creating savings of ~$11M.
- Analyzed cost and pricing data to determine fair and reasonable pricing. Established negotiation strategies aligned with program objectives to establish Long Term Contracts (LTC).
- Executed multiple service agreements for Vendor Managed Inventory (VMI) at Bell Helicopter facilities, including CSS Singapore, CSS Amsterdam, and Lafayette Assembly Center.

COMMODITY ANALYST   **August 2014 – August 2016**

Bell Textron, Inc.   Fort Worth, Texas
- Led a quality defect reduction project which analyzed supplier defect data and implemented root cause and corrective action plans for top drivers.
- Conducted in-depth analysis of current and past purchase orders and delinquencies in SAP, to determine scheduling and contract delivery dates for military and commercial spares.

SUPPLY CHAIN INTERN   **June 2014 – August 2014**

Bell Textron, Inc.   Fort Worth, Texas
- Successfully completed a summer internship with the Vendor Managed Inventory (VMI) supply chain team, where I contributed to various aspects of the company's supply chain operations and gained valuable experience in the field.

MILITARY EXPERIENCE

CARGO SPECIALIST / 88H / E-4   **August 2008 – August 2011**

United States Army   Joint Base Lewis McChord, WA
- Supervised a team during an overseas deployment to evaluate the operational performance of multi-modal transportation for military equipment. This provided critical support to Operation Iraqi Freedom.
- Operated a range of heavy equipment such as the Kalmar Rough Terrain Container Handler (RT 240), All Terrain Lifter Army System (ATLAS), Rough Terrain Forklift (M10A), and a 40-Ton Crane.
- Provided logistical support to local customers in Baghdad by operating Material Handling Equipment and Rough Terrain Container Handlers to efficiently move over 4,000 pieces of equipment and vehicles worth an estimated $50M in support of Multi-National Division-Baghdad Forces.
